

On-line Permits

On-line permit consist of permits that are typically issued over the counter without verification of the proposed work by staff. The verification for accuracy of the quantities and code compliance will be performed in the field by our inspection staff.

The following is a list of the types of permits currently being offered.

Building Permits

- Re-Roof Permit

Electrical

- Outlets and lighting fixtures

- Smoke detectors and CO detectors (hardwired units are treated as outlets)

- Branch Circuits

Plumbing

- Dishwasher replacement

- Water Heater Replacement

Mechanical

- HVAC Change outs

Contractor's License

Additional types of permits will be offered in the future.
