

HISTORIC RESOURCE: CONCORD STREET BRIDGE

LOCATION: Concord Street at the Verdugo Wash

OWNERSHIP: Public

LAND AREA: Bridge

ZONE: N/A

DESIGNATION: Glendale Register

YEAR BUILT: 1936

STYLE: Viereendeel truss

HISTORICAL SIGNIFICANCE:

The Concord Street Bridge is a “through” truss design bridge. The bridge is of riveted steel construction and is the only one of its type in the City of Glendale. It was built by the Federal Works Progress Administration from U.S. Army Corps of Engineers plans in 1936. It has a 100 foot span which crosses the Verdugo Wash.
