Dear Mayor of Glendale and Member of the City Council,

First of all, I am deeply troubled that due to the incident, the City of Glendale is in an embarrassing situation.

Based on the video clip that you sent me, there is no evidence that the dog farms and slaughterhouses are in Gimpo. All dog farms in Gimpo are constantly and thoroughly monitored and supervised according to the animal protection laws. And unethical torture, beating, starving, strangling, and other animal abuses are completely banned.

Animal abuse should not happen.

Sincerely,

Youngrok Yoo,

Mayor of Gimpo

Gyeonggi-do, Republic of Korea
