Integrated Waste Management Services

Please remember to place containers out for service in this manner:

- Front of containers face street.
- Wheels against the curb.
- Containers should be a minimum of three feet from any obstruction.
- At least one foot between containers.
- All containers must be out for service by 7:00 am on collection day and removed by 8:00 pm.
- Containers should only be set out for service if at least half full.
- Please do not overfill containers. Overfilled containers might fall into the truck or not completely empty.
- Lids should fully close when container is full.
