Brand Park Mountain Rescue

On Tuesday, July 26, 2016 at 1:36 p.m., the Glendale Fire Department, under the command of Chief Smith, responded to a report of a hiker in need of medical attention within Brand Park located at 1601 W. Mountain Street in the City of Glendale.

Fire and Police Department personnel, guided by the Glendale Police Department helicopter, searched for the hiker. Firefighters hiked about 100 yards up the trail behind the Brand Library and located two hikers in need of assistance. One hiker was able to walk down the trail with aid, while the second hiker was carried down the trail by firefighters.

Glendale Fire Department paramedics assessed both hikers at the scene. One hiker was uninjured, while the other hiker was taken to a local hospital for further medical evaluation.

The Glendale Fire Department encourages residents to bring water, wear appropriate clothing, bring a flashlight or headlamp, a light snack, and a charged cell phone when hiking. Additionally, persons should always stay on the trails to avoid getting lost.

The mission of the Glendale Fire Department is to protect life and property by providing the highest level of service to the community. For more information about the Glendale Fire Department, go to www.glendalefire.org.
