

CITY OF GLENDALE REGISTRATION FORM

Mr. Eco

Thank you for your interest in the City of Glendale's School Recycling & Composting Program. The goal of the School Program is to help Glendale teachers integrate composting and recycling education into the classroom and engage students in contentious and positive environmental action.

Mr. Eco is an environmental superhero who uses music & dance to educate students on recycling and litter. His assemblies are K-6 and he will put on a show for the whole school. See his website www.mreco.org for more information.

Mr. Eco is available to a limited number of schools. Please check in with IWM staff before submitting the registration form. Schools will schedule assemblies with Mr. Eco directly.

Principal Name:	
School:	Zip Code:
School Address:	Phone Number:
Email Address:	Personal: <input type="checkbox"/> School: <input type="checkbox"/>
Grades:	Number of Students:
