Dear Friends of the Glendale Youth Alliance,

Thank you for joining us to celebrate our 18th Annual Employees of Tomorrow, Luncheon and Awards Ceremony. The Glendale Youth Alliance improves the lives of at risk youth and provides guidance and life skills necessary to succeed in the work force. In the past eighteen years over 6,000 youth have completed our programs and have become productive citizens who give back to the community.

Our funding has been drastically cut at a time when the need is greatest. We currently have over 1,000 applications for youth in desperate need of employment. We need your help to raise the necessary funds to help them keep food on the table and a roof over their heads.

Many of us were fortunate to experience help as we were growing up to fulfill our dreams. It is time for each and every one of us to give back to the community. These youth are our legacy, they are our future, please help us today.

Your sponsorship of \$1,000 provides employment for one youth. As you sit at your tables consider that each table could sponsor one additional youth. This sponsorship will significantly change the fabric of our community.

Many, many thanks to our sponsors and community partners whose generous support makes it possible for us to touch so many lives. The time and effort we invest in today's youth will ensure a brighter future for us all.

Thank you, for "Making It Happen!"

Sincerely,

Jeanett Cordon, Chair
Glendale Youth Alliance

**Summer Youth Employment Program 2010
350 Youth Employed**

Youth Participants between the ages of 14-24 receive life skills, pre-employment training and paid work experience. The Brush Clearance Program provides the youngest and unskilled youth ages 14-16 a first time job experience. On closely supervised teams, they spend six weeks removing overgrown brush on over 30 parcels of City-owned land, augmenting the City's Vegetation Management Program and reducing the risk of fire on the City's hillside. Youth who already possess some basic job skills are placed in jobs in the community such as the local hospitals, nonprofit organizations, libraries, schools, and public agencies. This program is funded by the County of Los Angeles and City of Glendale Departments.

**Glendale Youth Employment Partnership – GYEP
35 Youth Employed**

Youth that succeed in the Summer Brush Clearance Program, are eligible to participate in GYEP. In this self-sustaining program, supervised teams of youth ages 14 to 18 are hired to perform hillside brush clearance on private properties for a fee. Youth can also be hired for other general labor tasks.

**Glendale's Resource for Employment and Training - GREAT
45 Youth Employed**

In this program, youth with a proven work ethic and previous job experience are placed in career exploration jobs. Their wages are paid by the business and city departments that hire them.

**Training, Employment & Mentoring Program - TEAM
72 Youth Employed**

The TEAM program is designed for youth who are able to work more independently. Participants learn to meet workplace expectations such as being on time, dressing appropriately, and following through on assignments. Funding is provided by Workforce Investment Act (WIA). The TEAM program is funded by the Verdugo Workforce Investment Board (WIA) and is a year-round program. The participants in this program are students who are currently high school seniors.

The Management Team, Coordinators, and associate staff always look forward to the opportunity to evolve tomorrow's future with participants from the GYA. Over the last year, we have been honored to increase our efforts as we reach out to these students by making them permanent additions to our regular staff. The City of Glendale Commission on the Status of Women was established by the Glendale City Council as an advisory commission in 2003. The purpose of the Commission on the Status of Women is to educate, elevate, and empower all women and girls in Glendale by building new and strengthening existing bridges between the City's diverse groups, organizations, agencies, and individuals; by increasing the level of knowledge in the community regarding women's issues and the status of women in our community; by encouraging and promoting participation and by increasing visibility of women in all spheres of life in Glendale (including home, work, school, and government). Amongst its many signature programs, the Commission works closely with GYA to provide the Camp Rosie program, a summer day camp that teaches teen girls about financial literacy, self-empowerment, nutrition and fitness, healthy relationships, and self-defense. The Commission is comprised of the following members: Chair Paula Devine, Vice Chair Vatche Tashjian, Commissioner Lynda Burns, Commissioner Chris Garsevanian, Commissioner Denise Miller, and Student Commissioner Marie Danielian.

We CARE for Youth

Jose Quintanar

Jose' was born in Fresnillo, Zacatecas, Mexico in 1946 and came to the United States in the arms of his loving mother. After graduating and earning his teaching credential in 1977, Jose taught kindergarten for Glendale Unified School District. Jose's belief was that it was important to make the children's first educational experience a positive one. After two years, Jose' moved on to teach 3rd grade and was employed part-time for the California Youth Authority (CYA), the state juvenile detention agency.

In 1981, Jose began his career teaching English and working in student services at Glendale Community College. In his fifteen-year career, he was able to create and direct a number of innovative programs, including the Articulation Council, Pre-Admissions Student Services and the Citizenship Center. During that time, Jose' was able to return to college and earned a Master's degree in education from U.C.L.A.

In 1990, Jose met Linda Maxwell and they both were very interested in learning why youth were so quick to use violence when confronted with conflict. What began as a question became a journey and a search that has lasted for twenty years.

Linda Maxwell

Prior to finding her life's mission, Linda Maxwell worked in business management in both the apparel and entertainment industries. However, in her late thirties, she realized she had another mission...helping others. After a year of deep personal searching and sorting, she started volunteering at a local shelter for abused children.

In a partnership with Telemundo's flagship station, KVEA, Channel 52, she helped to co-found de mi Corazón, a non-profit dedicated to providing assistance to organizations that offer programs to prevent and heal child abuse. It was to be her first step in serving youth and families. As the Executive Director of de mi Corazón, Linda helped raise more than \$500,000 to benefit the agencies selected to receive funding.

Honoree Award

Jose' and Linda founded We Care for Youth in 1991, a not for profit agency dedicated to serving youth with compassion and unconditional love. As volunteers, Jose and Linda began mentoring twenty middle school girls who were identified as being at-risk of not graduating. Fortunately, all of the girls graduated and moved on to high school. The experience was so profound that the girls chose to call their group, Still Standing Strong. These twenty girls became the inspiration for much of what was to follow for We Care For Youth. Since that time, Linda and Jose have worked with more than 10,000 teens and their families.

We Care for Youth offers unconditional love as the path and leadership training, character education and employment training as the vehicles toward improving youths' self-respect and competency. Programs engage teens in the learning process and provide life skills that enable them to plan their future with hope. Currently, Linda and Jose are heading the Bliss Unlimited teen business academy, non-violence projects in Glendale, Burbank, Pasadena and other communities and a relationship-building project between teens and police in the City of Burbank.

All of WCFY's programs teach understanding, compassion and personal responsibility. Both Linda and Jose have been given many awards including Facing History and Ourselves "The Power of One" Award, The Philanthropy Award given rarely by the Glendale Community Foundation and many others. Linda was named Woman of the Year by state senator Jack Scott in 2001 and Non-profit Business woman of the year in 2007. In June of 2003, Jose' was one of 59 people recognized nationwide for their community service and was presented the prestigious Jefferson Award by the American Institute for Public Service.

In 2008, Jose retired as co Executive Director and become the chairman of We Care for Youth's Board of Directors.

Youth Stories

These are a few of the countless stories of the lives we have touched at GYA!

Latania is 21 years old and has a colossal responsibility in caring for an 18 month old. Her proactive nature brought her to Glendale Youth Alliance. She found the Verdugo Jobs Center and sought out GYA for assistance with employment. She is originally from South Central Los Angeles and she was looking for a new beginning when she found a program that would provide subsidized housing in Pacoima. Latania was determined to find employment but she found much more than that at GYA. We placed her in a job and she was elated to be given an opportunity even though it meant taking public transportation from Pacoima to Los Angeles to leave her child with her mother and return back to Glendale for work. The first thing we provided her was clothing for her new job. Tears welled up in her eyes when she was given the money for a new bus pass, lunch and gift certificates to provide her child with much needed essentials. This has added motivation to this young woman's life. The organization provided a certificate for a Thanksgiving meal for her family. In addition to feeling a bit more security Latania feels a sense of pride in what she has achieved already. The Glendale Youth Alliance has also added her to the list of youth who will be provided with special gifts during the Holiday Giving Program. This young woman has an amazing attitude and it makes it a pleasure to provide her with additional services.

Amy arrived in the United States less than a year ago from Iran. Shortly after her arrival she came to GYA for assistance with her job search. The challenge she faced was entering employment having minimal English skills. Although she had been educated in Iran she knew it would take a few years before she really felt at ease in a foreign country.

GYA staff walked Amy through a mock interview and thought she would be a good match at Farmer's Insurance in Glendale. The owner agreed that she would be a good fit for their office because he was looking for an individual who could speak Farsi as well as Armenian. Amy grew a tremendous amount through this experience. The company benefited from her conscientious work ethic and her self-confidence soared through this experience. She was ecstatic when she learned that she would be hired permanently on a part time basis. Her employer has been very pleased with the outcome of our program and has in turn referred other businesses to GYA. The most important outcome is that Amy has attained permanent employment and she continues to be mentored by the GYA staff.

The Glendale Youth Alliance (GYA) is committed to reaching out to the teens in our community by offering employment and mentorship opportunities. Over a year ago, Luis was referred to our organization by his mother. She had heard about the programs and was in desperate need to keep her son safe and off the streets. Luis was hired and began to take initiative almost immediately. Staff supported him as he transferred to Daily High School, where he has done very well. The counselors at Daily High School think highly of Luis and are impressed with his progress. He is currently interested and has applied for a position in the GYEP program and is very eager to be hired.

Nina is a 23 year old single mom living in a single parent family. Nina had her son when she was 18 years old. Having to raise her child alone at such a young age, Nina has undergone many struggles and difficulties. It was very hard for her to continue her education, find a job, and take care of her son.

Fortunately, Nina enrolled in the GYA Summer program through which she was placed to work at Planned Parenthood. Nina's mother supported Nina by baby sitting her son while she was went to school and work. Nina is now permanently employed by Planned Parenthood to work as a general clerk at their Pasadena location. From the very first day of her work at Planned Parenthood, it had been Nina's desire to be permanently hired by Planned Parenthood, and when she heard the good news, she called to GYA right away and said that she would have never imagined that enrolling in GYA would be such a life changing event for her.
